

CALENDAR FOR THE ACADEMIC YEAR 2009/2010

1. For all new students, the academic year starts Wednesday 19. August at 11.00. There will be student based sessions with registration and orientation during this day.
2. The academic year 2009/2010 begins Monday 17. August for all other students, if there is made no other agreements.
3. There will be a special arrangement for the Buddies and the first year students.
4. The fall semester ends Monday 21. December
5. The spring semester 2010 begins Monday 4. January, except students at TEM and IMT which have their first ordinary day of teaching Monday January 11. Look up in the time schedule for information about classroom and lecture times. There will be re-sit exams at TEM and IMT January 4. -10. At the Health department, the delayed exams is notified in their own exam plan, spread throughout the academic year.
6. The academic year finishes Friday, June 18.
7. Some studies do not follow all the sections in the calendar. There are other starting dates for the trimester students, pre-course students and for some of the continuous educational programmes.
The study programme coordinator is responsible to give necessary information to all students involved.
